INTRODUCTION

Welcome to the exciting world of POPG, the web3 entertainment ecosystem built by fans for fans. Wielding the power of the POPG Token (\$POPG), you can enjoy all the entertainment you love while benefiting from the innovation of blockchain tech.

As a \$POPG holder, you are not just a fan, but a part of the thriving community. You are a VIP in an ecosystem that values your loyalty.

Enjoy generous perks like exclusive entertainment rewards, a player-first iGaming experience, and exclusive access to premium events at the original prices—all at your fingertips.

POPG is more than just a project, it is a force for change. Built on transparency, responsibility and sustainability, our ecosystem empowers fans to take the lead in the future of web3 entertainment.

OUR VISION

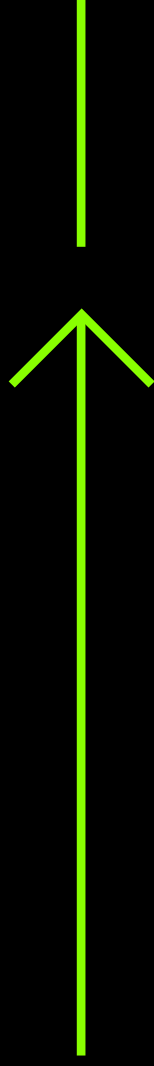

Fun. Exclusive. Innovative. Engaging.

Our vision is to be at the forefront of a future where web3 and entertainment are intertwined, allowing fans to be active participants in this **innovative** ecosystem.

We want to be the go-to solution for **fun** and responsible iGaming, providing a trustworthy platform for people who want to enjoy its exciting aspects. We look forward to a future where actions are rewarded, and people can utilize their rewards to enjoy their favorite entertainment.

We envision **exclusive** access to premium events that cannot be reached in other ways, all within an **engaging** solution where the voice of the fans is heard and taken into consideration.

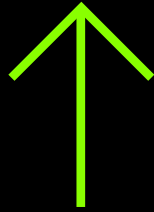

Fun.

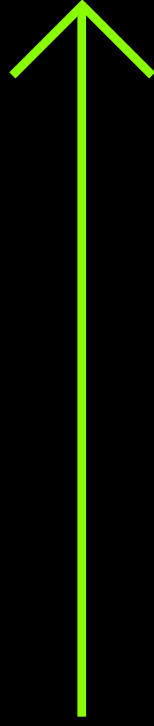

Exclusive.

Innovative.

Engaging.

REAL WORLD PROBLEMS

EVENT ACCESS

Acquiring tickets for live events sometimes becomes an unpleasant experience. Long physical or digital queues, high fees, and the risk of encountering counterfeit tickets could stand in the way of enjoying a live event. Despite modern ticketing improving online sales and instant bookings, it still struggles with issues such as scalping and bots.

iGAMING

Traditional iGaming poses risks: unreliable platforms, scams, and voiceless concerns on financial loss. It further lacks responsible gambling and this leads to impulsive bets and addiction.

ENTERTAINMENT INDUSTRY GROWTH POTENTIAL

BENEFITS OF BLOCKCHAIN IN ENTERTAINMENT

TRANSPARENCY

Every transaction that happens on the blockchain is visible to all participants, this helps with authenticity of transactions.

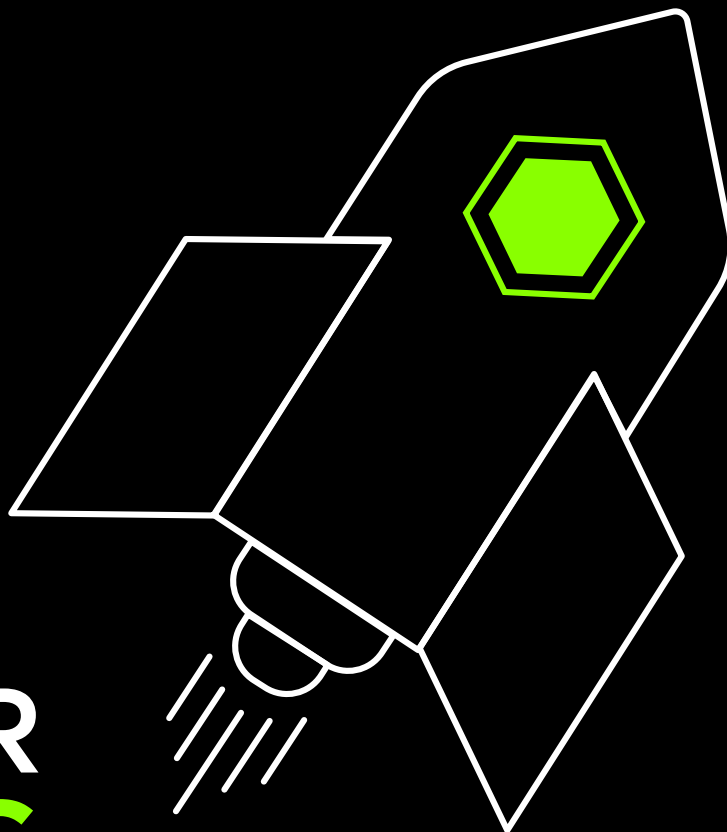

SECURITY

Blockchain ensures data integrity by using a consensus mechanism. Every transaction is secured in a separate block of information, which also contains data from all previous transactions. Since these blocks are all connected, it is nearly impossible to manipulate the data.

DECENTRALIZATION

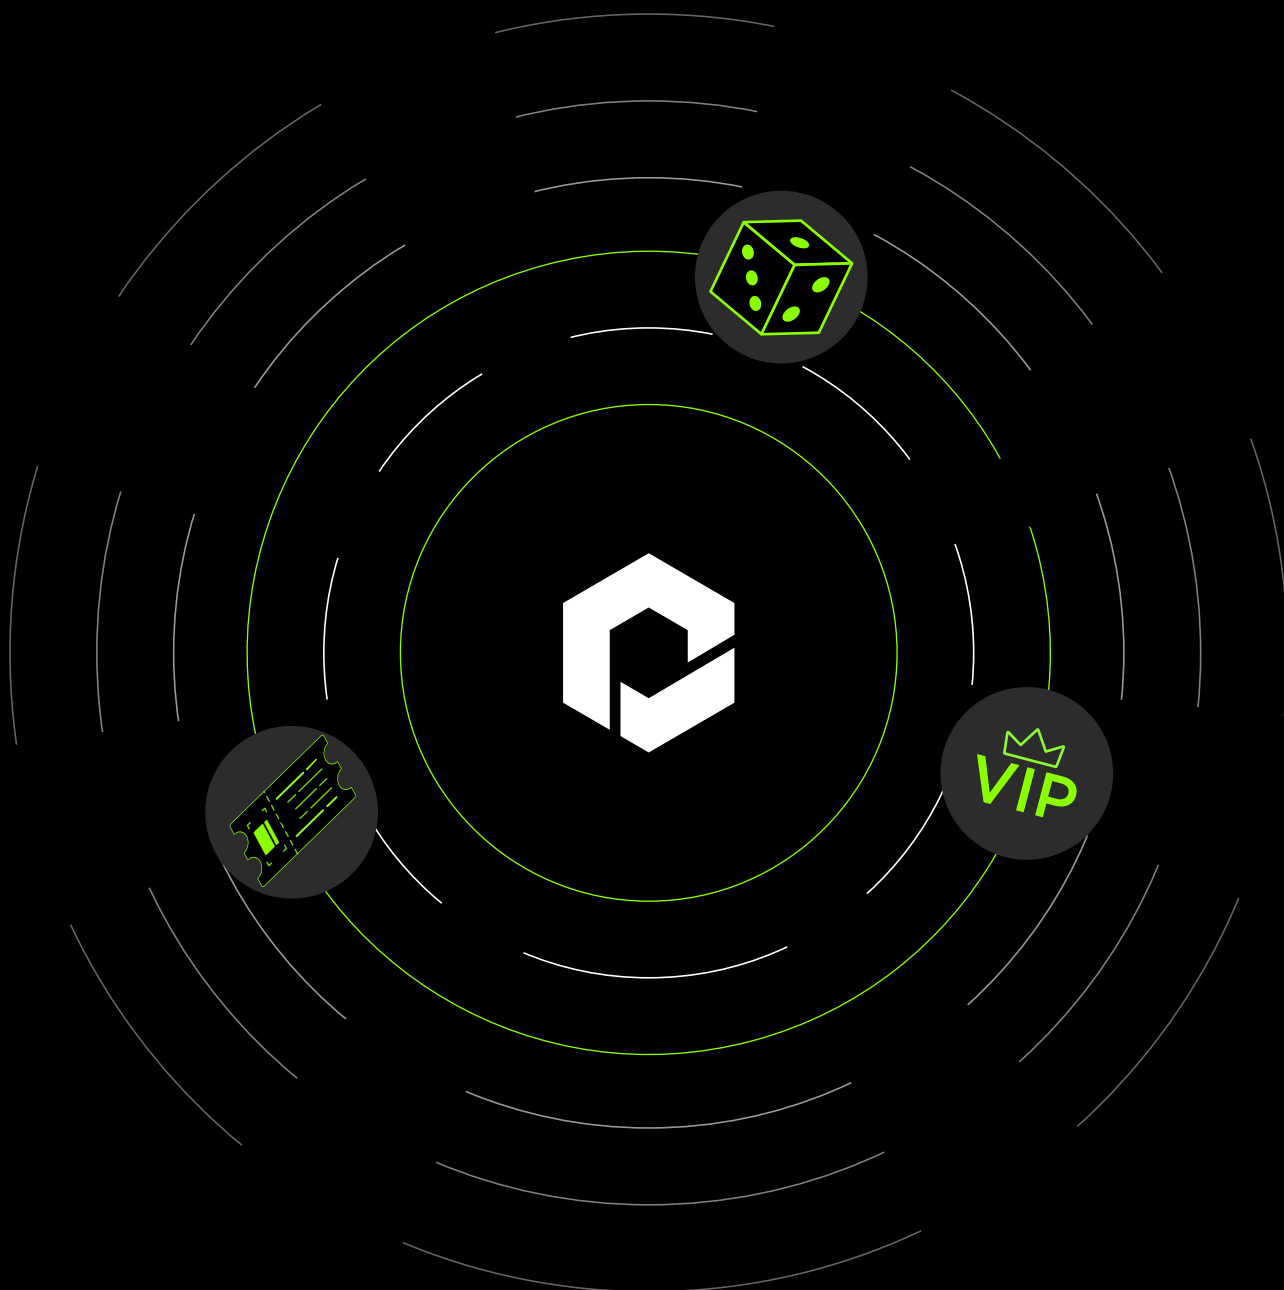

By decentralizing the distribution and access points, fans from across the globe can enjoy equal opportunities, removing geographic and economic barriers.

POPG came into this world as a solution to address the real world problems, to meet the demands of the growing entertainment industry all while harnessing the power of blockchain technology.

YOUR
POPG
JOURNEY
STARTS HERE

A PASSION.
A LIFESTYLE.
A STATUS.
A PASSION.
A LIFESTYLE.
A STATUS.
A PASSION.
A LIFESTYLE.
A STATUS.

Step into the mesmerizing realm of POPG, where every element harmonizes seamlessly, like notes in a symphony, to create an ecosystem that pulsates with innovation and excitement.

At POPG, we are not just building a brand; **we are crafting an experience**—a journey that pulsates with the energy of sustainability and the resolve to tackle real world challenges head-on.

OVERVIEW OF POPG **ECOSYSTEM**

POPG TOKEN (**\$POPG**)

The cornerstone of our ecosystem is \$POPG, an **entertainment utility token** designed to be the gateway to each of the core independent platforms within this vibrant ecosystem. By holding and using \$POPG, you will gain access to a realm where transactions are seamless, experiences are heightened, and every interaction feels fun and exciting.

POP.VIP

Your passion and loyalty **deserve to be rewarded**. Dive into our VIP rewards platform, save your \$POPG, and watch as your entertainment rebates accumulate daily. The higher the level you reach in the VIP tier system, the more rewards you can claim. Enrich your entertainment experience by redeeming your rebates on premium subscriptions and services, and enjoy the VIP status you deserve.

POP.GAME

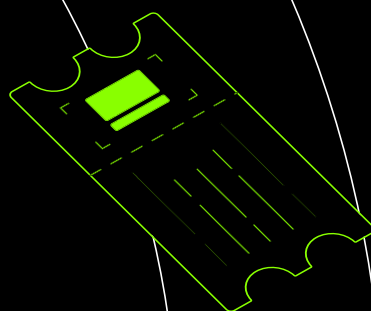

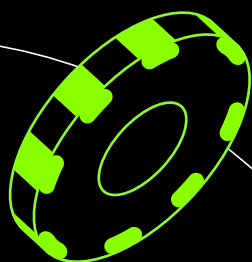

All the thrill of iGaming on a platform built with and for the players. \$POPG can be used to explore a wide range of games in a space where excitement meets responsibility. It is more than just iGaming; we champion fair play and balance. Shaped by real fan's input, every feature reflects a shared vision, making each play a part of a journey where enjoyment is the main goal.

POP.LIVE

Get closer to the action and enjoy the world of live entertainment through our platform for exclusive access to premium events. No more battling scalpers or inflated rates —POP.LIVE puts the best seats to your favorite events within reach, at original prices, purchasable using \$POPG. Gain access to unforgettable moments and cherished experiences, making every event a celebration of life and passion.

VIP Fan Points (VFPs)

When we say that every action is rewarded, we mean it. Every time you use your \$POPG within the POPG ecosystem, you will receive VIP Fan Points (VFPs) as part of our loyalty system. The more VFPs you accumulate, the bigger is your share in exclusive airdrops, rewarding you for being a true fan.

VIP

ENRICHING THE ECOSYSTEM WITH ADDITIONAL VALUE

ENGAGING JOURNEY

At POPG, every step of the journey is a new achievement for the entire community. We believe that creating an ecosystem of like-minded individuals propels innovation and raises the benchmark. That is why **you are heard here**. Every word you share contributes to our decision-making, ensuring the ecosystem is not only safe and enjoyable but also tailored to your needs. Together, we co-create an environment that resonates with your desires and exceeds your expectations, empowering you to lead the future of entertainment.

FOSTERING COMMUNITY UNITY

Join a community of like-minded enthusiasts who share your passion for entertainment. Our ecosystem is not just a place to have **fun**, it is the community to belong to, fostering connections that enrich every interaction and amplify the joy of **shared experiences**.

PROMOTING TRANSPARENCY

With blockchain technology at our core, we pioneer solutions to age-old industry challenges. Our transparent, trust-infused approach ensures that **every transaction is secure**, every interaction is clear, and every moment is without compromise. At POPG, innovation is our guiding principle.

REWARDING LOYALTY

Embark on a journey of continuous growth and enrichment with our **VFPs loyalty system**. As your engagement deepens, so do the rewards, creating a cycle of mutual benefit that strengthens our bond with you over time.

The POPG ecosystem is not just about participating in the entertainment industry, it is about **leading it**.

Join us on this exhilarating journey as we redefine what entertainment can be—an experience that is as rewarding as it is revolutionary.

Let us craft the experience together!

ACTIVE
COLLABORATION

USING \$POPG

Save \$POPG and earn entertainment rebates redeemable at any time. The more tokens saved, the higher is the rebate rate in our five-tier system, unlocking also exclusive perks like access to POP.LIVE

\$POPG can be used to access a variety of games on a platform built with and for the players, in an environment designed to keep users in control of the experience.

Enter our platform for exclusive access to premium live events like concerts, sports matches, and other entertainment activities, and use \$POPG to purchase tickets at original prices.

GROWING WITH POPG

Engage with other fans and the POPG team through forums and feedback channels. Your input shapes the platform's future, ensuring a fan-first approach towards all developments.

The more, the better. Help us to grow this integrated ecosystem by bringing in people who think like us and want to shape the future of entertainment.

TOKENOMICS

\$POPG's economic model is crafted to support both the immediate benefits for token holders and the long-term viability of the token.

Here is a detailed breakdown of \$POPG tokenomics, which has a total supply of 10 billion tokens. This ensures rarity and value retention.

Total Supply and Distribution

- **Total Supply:** 10 billion \$POPG
- **Sale Allocation:** 600 million \$POPG - 30% of the token supply in the Initial Phase to qualified members, with a minimum size of \$500 USD per qualified individual.

Emission Plan:

Mint 20% (2,000,000,000 \$POPG) of total supply

Category	Number of Tokens	% of initial supply	Additional release 6 months after launch
Business + marketing	700,000,000	35%	350,000,000
Sale allocation	600,000,000	30%	-
Reserve for CEX/DEX listings	500,000,000	25%	550,000,000
Management/ Advisors/Team	200,000,000	10%	100,000,000

TOKEN BURNS

DEFLATIONARY MECHANISMS

Regular intervals of token burning will be implemented, reducing the total supply and creating a deflationary effect that potentially increases the token's value over time.

TRANSACTION FEES

A small fee is collected on certain types of transactions, which is partially used for platform maintenance and partially burned, contributing further to the deflationary strategy.

DEVELOPMENT

USE OF RAISED FUNDS

A significant portion of the initial funding will go towards developing the platform, enhancing security features, and integrating advanced blockchain capabilities.

MARKETING & GROWTH

Funds will also be allocated to marketing efforts to broaden the token's adoption across various entertainment sectors and ensure its presence in global markets. This strategy aims to raise awareness and attract more Fans to the platforms.

COMMUNITY BUILDING & ENGAGEMENT

Investing in community management, support systems, and reward mechanisms to maintain an active and engaged user base.

AND SECURITY TECHNOLOGY

TECHNOLOGY AND SECURITY

At POPG, we prioritize the **functionality and innovation** of our platform as well as the **security and reliability** of every interaction within our ecosystem. Our commitment to leveraging advanced blockchain technology ensures all stakeholders enjoy a secure and seamless experience.

CHOICE OF PLATFORM

SMART CONTRACTS

BLOCKCHAIN FOUNDATION

\$POPG is built on the **Ethereum blockchain**, known for its robust security features, scalability, and high transaction throughput. We chose this platform to ensure that our transactions are processed efficiently, securely, and with reasonable fees.

These will govern specific operations within the POPG ecosystem. Smart contracts are self-executing, with the terms of the agreement directly written into lines of code, ensuring **transparency and trust**.

REGULAR
AUDITS

ENCRYPTION

DATA
HANDLING

DECENTRALIZED
STORAGE

RESPONSIVE
SUPPORT

SECURITY PROTOCOLS

To maintain the highest security standards, our smart contracts and platform undergo **regular audits** conducted by independent, reputable security firms. These audits help identify and rectify potential vulnerabilities, ensuring robust protection against attacks.

Advanced encryption technologies protect sensitive data transmission across our network, **securing personal data** and transaction details from unauthorized access.

DATA INTEGRITY & PRIVACY

We adhere strictly to global data protection regulations to ensure that all user data is handled with the utmost **integrity and confidentiality**.

Utilizing **decentralized storage** solutions reduces the risk of data breaches and enhances data availability, ensuring fans' information and transaction histories are safely distributed across multiple nodes.

FAN'S SUPPORT

A **dedicated support team** is available to assist fans with any questions or issues, ensuring a smooth and enjoyable experience on the POPG platforms.

ROADMAP

MILESTONES & FUTURE VISION

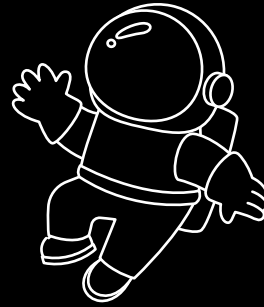

The POPG journey is structured around clear milestones that aim to enhance and expand our offerings and adapt to new technologies, market demands, and the evolving needs of our community.

PHASE 1

Establish Key
Communication Channels

Launch POPG.com

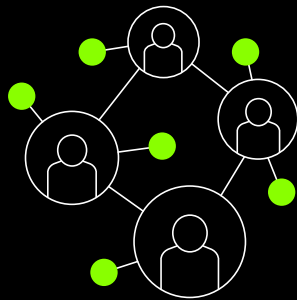

PHASE 2

Begin Marketing Initiative

LEGAL DISCLAIMER

Not Financial Advice. Please read this section carefully.

\$POPG is not intended to constitute a digital currency, commodity, security, financial instrument or any other form of investment in any jurisdiction. This litepaper, does not constitute a prospectus or offering document and is not a solicitation for investment and does not constitute an offer of securities to the public or a collective investment scheme.

The regulatory regimes governing blockchain technologies, blockchain assets, and the purchase and sale of blockchain assets are uncertain, and new regulations or policies may materially and adversely affect the development of POPG and the use of blockchain assets.

Blockchain is a nascent and rapidly-changing technology and use of blockchain networks and blockchain assets in the retail and commercial marketplace remains relatively small. The slowing or stopping of the development or acceptance of blockchain networks may adversely affect the value of any blockchain assets purchased through POPG.

You acknowledge that the platform, systems, and technology described in this document are under development. They may undergo significant changes. Although POPG intends to implement the features and specifications set forth in this document, POPG has no obligation to implement any portion of this document, and may discontinue the project in its sole discretion, for any reason or no reason at all, including due to lack of interest from the public, lack of funding, lack of commercial success, or the departure of key personnel.

If there are any regulatory actions, or changes to law or regulations imposed which are applicable in relation to the \$POPG token, POPG ecosystem and/or token crowd-sale and/or the holding and use of \$POPG and/or virtual currencies or other tokens: (a) this litepaper and any documents linked to the token crowd-sale and/or holding and use of \$POPG may be changed significantly by the company to ensure compliance with such regulatory requirements and (b) the company retains the right to do all that is necessary to be in compliance with such regulatory requirements, including but not limited to the interruption of the token crowdsale and/or cease operations (if necessary).

Blockchains may be susceptible to malicious cyber-attacks or may contain exploitable flaws, which may result in security breaches and the loss or theft of blockchain assets. Blockchains often incorporate third-party software components, including open-source software. Third-party software components, including open-source software, may not be represented, maintained, or monitored by an official organization or authority, or any such maintenance or monitoring may not be adequate to protect against exploitable flaws. Third parties may introduce weaknesses or bugs into the core infrastructure elements of the blockchain network.

This could result in the corruption of the software code which may result in the loss or theft of blockchain assets. Blockchains may be the target of malicious attacks seeking to identify and exploit weaknesses in the software. Such events may result in a loss of trust in the security and operation of blockchains and a decline in user activity which could have a negative impact on any blockchain assets you own. These cyber-attacks or other technical errors could harm the value of POPG.

There is substantial regulatory uncertainty surrounding the treatment of blockchain tokens by the SEC, CFTC, FinCEN, and other regulators. In addition, changes of presidential administration in the United States, including changes in the leadership of each of these organizations and other regulatory agencies, create additional regulatory uncertainty. Public statements by the SEC and recent enforcement actions brought by the SEC and by state regulators demonstrate that the SEC and state regulators intend to take an active approach in the application of the U.S. securities laws to digital assets, including tokens and stablecoins as well as decentralized finance platforms and other projects in the digital asset space. There can be no assurance as to how these regulatory agencies and others will treat blockchain assets in the future, but continued increased enforcement and regulation is expected. In addition, legislation that is currently pending in the United States Congress, if enacted into law, may affect the treatment of the issuance, sale, reporting, and taxation of digital assets.

POPG has no obligation to update this document. Purchasers of \$POPG understand that POPG may alter this business model, and the tokenomics of POPG. Purchasers of \$POPG do not have the right to access the books and records of POPG and are not entitled to periodic updates or any updates at all.

Purchasers of \$POPG understand that POPG is subject to market conditions and could fluctuate in value. The viability of POPG is dependent on market acceptance. Purchasers of \$POPG also understand that it could be difficult or impossible to convert \$POPG to other cryptocurrencies or fiat, which is dependent on whether decentralized exchanges and centralized exchanges adopt POPG. Purchasers of \$POPG should understand that they may lose the entirety of the cryptocurrency and fiat used to purchase \$POPG. You also acknowledge that the market price of POPG may fluctuate dramatically and may be reduced to zero.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, POPG, ON BEHALF OF ITSELF AND ITS AFFILIATES, EXPRESSLY DISCLAIMS AND EXCLUDES ALL WARRANTIES, WHETHER IMPLIED BY LAW OR CUSTOM, STATUTE, OR OTHERWISE.
